## Submit your listings

It's easy! Just follow these guidelines. Listings have a maximum number of characters: **EXAMPLE: The carbon airframe is perfect for racing or as an FPV camera platform.** The sentence above would count as 71 characters with spaces, rather than 13 words. (Helpful hint: In Microsoft Word, under the Tools menu, the Word Count tool will also display character counts).

### INCLUDE ALL THE FOLLOWING:

- Category:** Select from list provided
- Company Name:** 28 characters (with spaces) or less
- Product Name:** 30 characters (with spaces) or less
- Price:** 40 characters (with spaces) or less
- Item Number:** 50 characters (with spaces) or less
- Web Address:** 35 characters (with spaces) or less
- Please list web address as *yoururl.com* not *www.yoururl.com*
- Description:** 450 characters (with spaces) or less
- Photo name:** Please use your manufacturer name followed by product name (for example: Graupner\_drone).

**EMAIL IT:** Place your Excel document with all your listings and your high resolution photos in a folder. Name your folder by your manufacturer name followed by rdgg (for example: Graupner\_rdgg). Zip your folder and email it to [gearguide@airage.com](mailto:gearguide@airage.com). We'll take care of the rest!

## Photo guidelines

Please include a high-resolution, RGB jpeg. (Images downsized for web resolution are not acceptable for print). Name your photos by using your manufacturer name followed by product name (for example: Graupner\_drone).

### MINIMUM PHOTO SIZE REQUIRED:

- FULL PAGE**  
2400 pixels wide x 3300 Pixels high
- HALF PAGE**  
2400 pixels wide x 1650 Pixels high
- ONE-SIXTH PAGE**  
900 pixels wide x 900 Pixels high

**BONUS!** If you would like to use a photo that was featured in an article from *RotorDrone* magazine, you can do so at **no added cost**. In the photo name section of your submission, specify the issue date, article name, and page number where it appeared.
