Submit your listings

It's easy! Just follow these guidelines.

Listings have a maximum number of characters:
EXAMPLE: Adjustable drag brake makes it easy to tune to track conditions.

The sentence above would count as 64 characters with spaces, rather than 11 words.

(Helpful hint: In Microsoft Word, under the Tools menu, the Word Count tool will also display character counts).

INCLUDE ALL THE FOLLOWING:

- Category:** Select from list provided
- Subcategory:** Select from list provided
- Company Name:** 28 characters (with spaces) or less
- Product Name:** 30 characters (with spaces) or less
- Price:** 40 characters (with spaces) or less
- Item Number:** 50 characters (with spaces) or less
- Web Address:** 35 characters (with spaces) or less
Please list web address as yoururl.com not www.yoururl.com
- Description:** 450 characters (with spaces) or less
- Photo name:** Please use your manufacturer name followed by product name (for example: Acme_driveshaft).

UPLOAD IT: Place your Excel document with all your listings and your high resolution photos in a folder. Name your folder by your manufacturer name followed by gg18 (for example: Acme_gg18). Zip your folder and email it to gearguide@airage.com.

Photo guidelines

Please include a high-resolution, RGB jpeg. (Images downsized for web resolution are not acceptable for print). Name your photos by using your manufacturer name followed by product name (for example: Acme_drive-shaft).

BONUS! If you would like to use a photo that was featured in an article from *Model Airplane News*, you can do so at **no added cost**. In the photo name section of your submission, specify the issue date, article name, and page number where it appeared.
